

OFFICE OF THE SHERIFF  
FAIRFIELD COUNTY

Dave Phalen, Sheriff

August 4, 2020

Pickaway County Friends,

On November 3, 2020, Election Day, we will be provided the chance to have our voices heard at the ballot box. There are several very important decisions we as voters must make. One of those important choices will be to elect the next Pickaway County Sheriff. I am writing in support of Sheriff Robert Radcliff. I have known Sheriff Radcliff for 25 years and can say he has honestly and steadfastly served the citizens of Pickaway County. He is thoughtful and wise in his decision making and perhaps, most importantly, a tempered and humble public servant.

Sheriff Radcliff, through his experience and ability, evaluates the operations of the Pickaway County Sheriff's Office on a continuing basis. He consistently creates new and innovative programs and services that benefit all residents of Pickaway County. His knowledge and efficient operations save tax payers dollars. The Sheriff's Office is a very complex law enforcement agency that requires strong and effective leadership. Sheriff Radcliff has 40 years of experience to draw upon. There is no better preparation available. Over the years, I have observed Sheriff Radcliff move swiftly to investigate murders and other felonies that have occurred. When someone breaks the law in Pickaway County, you can bet Sheriff Radcliff will quickly bring them to justice.

Please join me in support of Sheriff Robert B. Radcliff this November 2020.

Respectfully,
