To The Citizens of Pickaway County

Having Ula Jean and I both being educators in Pickaway County for many years and Ula Jean also serving as Pickaway County Commissioner, we know firsthand that we currently have the best Sheriff around.

During our tenure, Sheriff Robert Radcliff has shown, on a daily basis, his honest care for the citizens of Pickaway County. He is available 24 hours a day, seven days a week! He has worked very hard to make sure the DARE program is available in each school and is providing Deputies as resource officers in every school district to keep our children and our grandchildren safe. He is implementing a School Watch program that will allow even more communication between law enforcement agencies, school staff and off duty law enforcement personnel, to further protect our schools.

His ability to run the Sheriff's office is incredible. From budgeting allotted funds provided by the Commissioners to uniting employees to achieve one common goal, SERVE and PROTECT Pickaway County Citizens.

Sheriff Radcliff is the best person for Pickaway County Sheriff. He has demonstrated, for many years, his sincere concern for the citizens, wise in his decision making and running this office with the most experience anyone could ever ask for. Why would we even consider a change, when we have the best? The other candidate has NO experience running such a complicated county office, handling budgets passed down by the Commissioners, running a Jail operation and many more complex issues he has to deal with on a daily basis.

I hope you will join us in voting to Keep Radcliff our Sheriff. There is no other candidate, in our minds, that can fill the shoes of Rob with his 40 plus years of dedication to Pickaway County. We are **REPUBLICAN'S** that support Robert B. Radcliff.

Sincerely,

Ula Jean Metzler
