

FROM THE DESK OF

Dr. Mark A. Smith

For over 11 years, I had the wonderful privilege of serving in Pickaway County as President of The Ohio Christian University. Those years were some of the best years of my life. Not only did we love the university and community, we also loved the safe, warm, and friendly environment of the people. To this day we still have lifelong friends in the community.

While working for the University, we asked Sheriff Radcliff to oversee our campus as well. The Sheriff and his deputies were the best law enforcement officers in the nation. We knew our campus was safe with the Sheriff watching over it.

I have lived in several states now and can speak with some knowledge that Pickaway County is blessed. The honesty and integrity of your Sheriff and his Deputies are to be commended. Every opportunity that we had to work together was met with professionalism and with care for the people.

Pickaway County, you are blessed and I hope you will strongly show your support for Sheriff Radcliff and this great team.

Blessings,

A handwritten signature in black ink, appearing to read "Mark A. Smith", with a long, sweeping horizontal line extending to the right.

Dr. Mark A. Smith
